

Diabetic Supplies Dispensing Transferred From Pharmacies to Medical Suppliers Effective January 1, 2006

The diabetic supplies listed in MSA Bulletin 05-65 are no longer a Medicaid pharmacy benefit billable to First Health and therefore must be billed as a Medicaid medical supply benefit through the Michigan Department of Community Health (MDCH).

First Health Services Corporation and MDCH each have unique provider enrollment systems, prior authorization requirements, and claims processing systems. Pharmacy providers dispensing prescription drugs must be enrolled by First Health, and pharmacy providers dispensing medical supplies must be enrolled by MDCH. Enrolled Medical Suppliers would request prior authorization for services directly from MDCH by contacting the MDCH Prior Authorization Division at 1-800-622-0276.

If your pharmacy is not enrolled, contact the MDCH Provider Enrollment Unit at 517-335-5492, ProviderEnrollment@michigan.gov, P.O. Box 30238, Lansing, MI 48909, or find their forms and instructions on the MDCH website at www.michigan.gov/mdch, and click on **PROVIDERS**, and then click on **INFORMATION FOR MEDICAID PROVIDERS**.

For details of this policy click on **MEDICAID PROVIDER MANUAL**, **MEDICAID POLICY BULLETINS** or **PROVIDER UPDATES**.

To register for a MI Medicaid Medical Supplier Training Session click on **MEDICAID PROVIDER TRAINING SESSIONS**.

Questions about billing and reimbursement for fee-for-service medical supplies can be addressed to the Provider Support Hotline at 1-800-292-2550 or by email at ProviderSupport@michigan.gov.

Dual Enrollment: Pharmacy & Medical Supplier
